et Citoyenneté Canada

## Occupation-specific Language Training (OSLT) will help you develop language and communication skills needed to:

- Understand workplace culture in the occupation and sector;
- Interact effectively with colleagues, clients and supervisors;
- Give and receive information by email and telephone;
- Interview and network effectively.

You will gain practical workplace communication skills by practicing authentic dialogue and communication tasks commonly performed on the job.

OSLT courses are offered on a part-time basis (evenings and weekends), are about 180 hours in length, take place at college campuses and workplaces, and are free for qualified applicants.

**OSLT courses are available at the Algonquin College Language Institute for the following employment sectors and occupations (offerings vary per semester):**

### **BUSINESS**

Accounting and Finance Personnel  
Entrepreneur and Sales & Marketing Personnel  
Hospitality Worker  
Project Manager

### **HEALTH SCIENCES (Health Care)**

Dental Hygienist  
Medical Laboratory Technologist
